Strive For Excellence

CAREER PATHWAYS WEEK

Year 10 students recently participated in the second Pathways Week, either on work experience or participating in pathways activities at school.

Students from Fortuna and Shamrock (along with a few from Alexandra and Rosalind) went out on work experience across a variety of industries, from healthcare to construction; childcare to law; creative arts to retail. Staff loved the opportunity to either visit or call students, to see and hear all about their experience and learnings. For some, they were offered a job out of it! For others, they were offered the chance to engage in their career pathway now. For a few, they discovered that this industry might not be for them, helping them to reconsider their options.

Students from Alexandra and Rosalind (along with a few from Fortuna and Shamrock) participated in a variety of upskilling workshops and community volunteering opportunities. It was great to see those who engaged in these activities. Some students also took on the chance to practise being a self-directed learner, in preparation for life after BSE, by completing online training modules in and around their workshops and excursions. Well done to those people, you've just put yourself a cut above the rest!

INTEGRITY

TEAMWORK

RESILIENCE

Friday 2nd August 2024

FROM THE PRINCIPAL'S DESK

Over the next few weeks, we will be focusing on pathway options for students to effectively plan for their next steps in their learning journey. With our BSE Course Counselling Day on Wednesday 14 August, our students should be fully informed of the next steps in their preferred learning pathway/s. Group advisors will be engaging with their students about mapping their next steps, which are personally devised each semester. It is particularly important during these next weeks as BSE students are making decisions of where they might be heading in the immediate future and selecting subjects for 2025 to help them achieve their short- and longer-term goals. (BSE online subject selections are due by Friday 23 August)

The learning pathway discussions and documenting in the student planner encourages students to reflect on their academic strengths and challenges from their previous semester and set target growth for each of their subjects this semester, and devise clear strategies, in consultation with their teachers, as to how they can realistically achieve these targets. Use these strengths to select subjects aligned to future pathways of learning. Preparation is about seeing every task as an opportunity to improve and build on feedback from others, for example, teachers/coaches.

Principals' Day

Victorian Government Schools acknowledged Principals' Day today, celebrating the pivotal role of Principals in school's achieving excellence in learning and wellbeing.

Principals' Day has been celebrated in the state for 20 years and is a wonderful opportunity for school communities to say thank you.

I wish to recognise my BSE Principal colleagues Ange Tremain, Hamish Roberts and Suzie Harrison for the incredible work they do every day to support the BSE community throughout the year and acknowledge their unbelievable contribution to the college.

I am lucky to work in a team of passionate school leaders who drive a strong and shared culture of excellence, teamwork and innovation, where every child is at the centre of learning.

BSE alumni in Paris 2024

Great to see two BSE alumni at the Paris Olympic Games with Dyson Daniels showing some terrific form on the basketball court and we look forward to Andy Buchanan running another fast time in the marathon next Saturday. We are proud of their achievements so far and look forward to them continuing to improve after this significant experience in 2024.

Be kind Stay Safe,

Glen Donald

BSE COLLEGE PRINCIPAL

BEP ART EXHIBITION

Last Wednesday marked the opening of the BEP Art Showcase at Bendigo Senior Secondary College, an event that celebrated the creativity and skill of our students. The showcase featured approximately 30 stunning pieces of artwork crafted by the talented artists from Bendigo South East College.

Visitors to the showcase were treated to a vibrant array of artworks spanning several disciplines, including photography, visual communication design, sculpture, digital art, and traditional visual arts. This diverse exhibition not only displayed the technical skills of our students but also their ability to express complex themes and emotions through various media.

A massive congratulations to all our art students who participated. Your hard work and dedication paid off, resulting in an exhibition that captivated and inspired all who attended.

Special thanks are due to our art teachers, particularly Mr Watson and Mrs Gladigau.

We look forward to seeing what our students will create for next year's event. Well done to everyone involved!

YEAR 7, 9 + 10 FOOTBALL AT LODDON MALLEE REGIONAL FINALS!

This past week was a big one for Bendigo South East College football, with both our Year 7 and Year 9/10 boys' teams competing at the Loddon Mallee Regional Finals in Swan Hill.

Year 7 Team Highlights

On Monday, our Year 7 team took to the field with high spirits and determination. The boys demonstrated outstanding teamwork and sportsmanship throughout the day.

In their first game, BSE faced off against St Joes Mildura, securing a decisive victory with a score of 6.3.39 to 1.1.6. The team's strong defensive strategy and quick offense set the tone for the day.

However, the subsequent games presented tougher challenges. In their second match, our boys played against St Joes Echuca, where they fought hard but were overtaken with a final score of 2.1 to 5.2.32. The third game saw them up against CMC, where despite a valiant effort, they were beaten 1.2.8 to 4.3.27.

Despite not advancing further, the experience and resilience gained were invaluable.

Year 9/10 Team Takes the Field

Following the Year 7's lead, our Year 9 and 10 teams traveled to Swan Hill on Wednesday, ready to showcase their skills. The older boys started their campaign strongly, defeating Mackillop College 4.2.26 to 2.1.13 in a thrilling first game that highlighted their cohesive play and strategic prowess.

Their second game was more challenging, facing a strong Irymple team. Despite a tough fight and some strategic plays, BSE concluded the match with a score of 1.3.9 to Irymple's 5.3.33. The game was a tough lesson but a crucial part of their growth and development in the sport.

Both days were a showcase of not just football talent but also the spirit and camaraderie inherent in team sports. Our players not only represented BSE with pride but also learned valuable lessons about teamwork, resilience, and competition.

We congratulate all players for their effort and sportsmanship and extend a special thanks to the coaches and staff who supported our teams. The future looks bright for BSE football, and we look forward to seeing what these young athletes will achieve next.

Loddon Mallee Regional Badminton Results

Last Thursday, 25th July, Bendigo South East College's Year 7 boys and girls badminton teams showcased their skills and sportsmanship at the Loddon Mallee Regionals. It was a day of intense competition and commendable performances.

The girls' team faced a tough challenge against Kerang, narrowly missing out on a victory. However, they bounced back strongly in their next match against Kyabram, securing a convincing win. Their exceptional teamwork, cooperation, and persistence throughout the competition earned them the runners up pennant for the day. Congratulations to team members Kanika Kanika, Kiya Griffin, Hayley Hoggan, Elizabeth Maung, Adie McGregor, and Lila Parry for their outstanding effort and spirit.

On the boys' side, due to some late withdrawals from other teams, the competition was narrowed down to a face off against Kyabram. Our boys displayed remarkable focus and commitment, winning all their matches and claiming the winning pennant. This victory not only highlights their skill but also positions them well for future challenges, including a potential shot at the state title. Kudos to Ben Sinalingga, Henry Greaves, Kismatveer Singh Gill, Aymaan Zujam, and Edwin Murphy for their stellar performances.

A special thanks goes out to Laura Vu and Mikayla O'Donnell from Year 8, who have dedicated many lunchtimes to coaching and supporting the squads.

The success of our badminton teams at the regionals is a proud moment for BSE and a testament to the hard work of our students and coaches.

Well done to all involved, and here's to bringing more accolades home in the future!

ACADEMY OF CREATIVE ARTS

ACA DRAMA STUDENTS VISIT MACBETH

On our most recent ACA trip to Melbourne, Drama students experienced a retelling of the famous Shakespearean play, Macbeth. While staying true to the original material, the play occasionally adopted a very meta approach, breaking the fourth wall with direct addresses to the audience.

One memorable moment involved Lady Macbeth complaining to the director that the scene was going awry. Having the actors speak directly to the audience made for a very interesting and entertaining two hours.

The set design was exceptionally clever, featuring a raised revolving stage with many different rooms. At times, scenes unfolded as the actors walked from room to room while the set was turning. This added to the intensity and reflected the growing madness in the castle.

After the play, there was a Q&A session allowing us to ask the actors questions and gain direct insights into the acting industry and the creative process behind the production. We also spent some time exploring Melbourne, dining at local restaurants and eateries that offered a wide variety of international cuisine. It was another fantastic day out, and we can thoroughly recommend the Malthouse Theatre production.

IMMUNISATIONS

Year Ten

WEDNESDAY 14th AUGUST 2024

Register Now For The
Year 10 Secondary School Immunisations Program

Immunisation saves lives and is a proven and safe way to protect against diseases. The protection provided by some childhood immunisations fades over time and needs to be boosted in adolescence.

Secondary school students are at an age when a vaccine will be most effective and provide protection before possible exposure to a disease.

Making sure your child receives their secondary school immunisations will help to keep them healthy and well through secondary school and into adulthood. Immunisations are safe and effective, and administered by a council nurse at secondary schools.

Students in Year 10 (or aged 15-16) receive the Meningococcal ACWY vaccine (1 dose). To help make the program a success, we need you as parents/carers to register and consent on our online booking platform VaxApp.

To do this you can either go to the website:

<https://bendigo.book.vaxapp.com.au/school/BendigoSouthEast7-10SecondaryCollege-cLqmhX>

Or scan the QR Code below

If you need any help or advice, please email: immunisation@bendigo.vic.gov.au
or phone: 0428 149 077

Learn more about the Secondary School Immunisation Program in Victoria at:
www.betterhealth.vic.gov.au/health/healthyliving/immunisation-in-secondary-schools

Library News

We're asking all BSE families to help us by checking around the house for any library books that might be overdue. Our library is a shared resource, and returning books promptly ensures that all students have access to our educational materials.

Thank you for your cooperation and for helping keep our library fully stocked!

For assistance contact the library team.

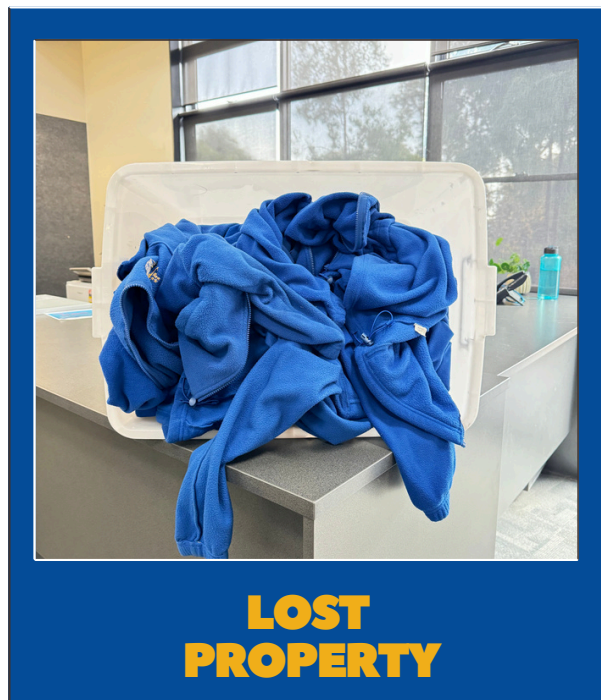

LOST PROPERTY

Our lost property box is quickly filling up with unclaimed items. We strongly encourage all families to label their children's uniforms and personal items. Properly naming school gear not only helps in returning lost items promptly but also prevents unnecessary losses.

Labelling uniforms, sports gear, and personal belongings can save time and frustration. Take a moment to check that all your child's items are marked with their name and class. It's a simple step that can make a big difference.

Please help us help you keep track of your belongings by ensuring everything your child brings to school is clearly labeled.
